CONFIDENTIELS DU CABINET

Hi everyone. Attached are some key messages for use for your stakeholder calls tomorrow. The top section are the critical ones to convey, but you'll also see some specific ones for air related to FNs and for the trucking sector. Once I see the NR and backgrounder, I will send those to you as well as the actual orders.

Therein will be the definitions of "critical infrastructure" which captures all transportation elements. I suspect the questions and comments you will hear tomorrow will assist in preparing some relevant FAQs.

Finally, here are the DPM's remarks if you wish additional background, particularly with respect to financial elements of this announcement:
